SUMMARY

I am a Full Stack Developer specializing in Next.js, MERN, and TypeScript — building responsive, production-ready applications with clean architecture and modern UI patterns. I have hands-on experience integrating AI through LLMs, PostgreSQL on Neon DB, Prisma ORM, and shipping projects end-to-end.

SKILLS

Frontend: React Next.js React Native JavaScript TypeScript HTML CSS Tailwind CSS Redux

Backend: Node.js Express.js REST APIs Prisma ORM

Database: PostgreSQL MongoDB Neon DB Firebase MySQL

AI Tools: LLM APIs OpenRouter Cursor AI TensorFlow

Tools: Vercel Netlify GitHub Postman Linux

EXPERIENCE

Web Developer Intern - InApp Solutions

May 2024 – May 2025

React.js | Next.js | Tailwind CSS | MERN

Karachi, Pakistan

- Developed and maintained responsive web pages using React.js and Tailwind CSS.
- Integrated REST APIs and implemented CRUD functionality in MERN stack projects.
- Collaborated with the team and deployed applications using GitHub and Vercel.

PROJECTS

Smart Study AI

Live Demo

Next.js | TypeScript | Prisma | PostgreSQL

- AI-powered learning platform with quizzes, notes, and study plans
- Integrated OpenRouter LLM APIs for intelligent responses
- Built full-stack architecture with Prisma and PostgreSQL (Neon DB)

Focus Flow

Live Demo

Next.js | TypeScript | Prisma | PostgreSQL

- Task management system with CRUD operations and real-time updates
- Deployed production-ready full-stack application on Netlify

Make Reservations Website

Live Demo

Next.js | Tailwind CSS

- Modern restaurant booking website with seamless reservation experience
- Built responsive UI using Next.js and Tailwind CSS

EDUCATION

Muhammad Ali Jinnah University

2022 – Present

Bachelor's in Software Engineering

Karachi, Pakistan

- Pursuing a Bachelor's in Software Engineering with a focus on full-stack web development and AI integrations.
